* Prices are per person and are for e-tickets and include all taxes & fees in USD.

We make every attempt to get accurate prices, however, [prices are not guaranteed](#).

¹ Hacker Fares look for better round-trip deals by combining two tickets issued by different airlines for each direction of travel. Because two tickets will be issued, different rules and policies (for example, for baggage fees, change fees, and refunds) may apply in each direction. Any changes made to one of your tickets will not affect the other ticket (for example, if your initial flight is cancelled by either you or the airline, the other airline with which you booked your return

Download a
ing

optimum
1-866-389-4387

flight is not obligated to issue a refund or change your itinerary). You are responsible for complying with each airline's terms and conditions, which may differ (for example, check-in times and limits on baggage size/weight). Please carefully review the details of each airline's contract before booking, and ensure that you complete the booking requirements for both tickets. Because fares change frequently, please check that both of the listed fares are still available before proceeding with your bookings. If you are traveling internationally, you may need to provide proof that you have a return flight at check in and at immigration. You may want to print both of your e-ticket confirmations before starting travel.

§ The rates displayed include all taxes and fees for car rentals for the class listed and were found by KAYAK users in the last 48 hours. Rentals are subject to change and may not be available on all car rentals listed or dates of travel. Some car rental providers charge additional fees for other services (gps, infant car seats, etc.). Please check the car rental providers' sites.
